

Application No. 10/669,034
Amendment dated October 21, 2005
Reply to Office Action of July 14, 2005

Docket No. CM06386J

Amendments to the Specification:

Please replace the paragraph beginning page 7, line 4 with the following amended paragraph:

Another example of a self-configuring accessory formed in accordance with the present invention is an accessory with an a Global Positioning System electrical option. An add-on GPS module is placed inside the accessory. Upon subsequent power-up of the accessory, the accessory detects that its actual configuration differs from its configuration stored in the serial memory device. The accessory updates the stored configuration so the radio ~~with~~ will detect the accessory as a GPS microphone and not a normal microphone.
